

Device Magic - Approval Workflow

Add an Approval Workflow to Device Magic in 2 easy steps.

You will need the following prerequisites:

1. An Approval Donkey account (sign up for a FREE 30 day trial [here](#))
2. At least one Approval Donkey Panel (approval workflow), see a guide [here](#) for details on how to one set-up
3. A Device Magic form to add the approval workflow to (<https://www.devicemagic.com/>)

Step 1 – Copy the Panel Email Address

On the basis you have the prerequisites in place, complete the following:

- Log into Approval Donkey, navigate to the Panel you want to add and copy the Panels Email address

This can be done like any copy function e.g. Select and Ctrl C or right click and 'copy email address'

Form Approvals

FormApprovals-56d57835-344a-4341-94c7-1b7cc6638e96@approvaldonkey.com

Step 2 – Paste the Panel Email address into Device Magic

- If not already, sign into your Device Magic account and navigate to the Forms section
- From the 'More Options' menu select 'Destinations' and select 'New Destination'
- Select the Email option and then the .txt format
- Configure the remaining options to your requirements
- In section 5 you can select 'Render as HTML' to keep the form formatting

- Paste the Panel email address in the Destination Email section as per below
- Select 'Create Destination' and that's it, all done

6 Email Options:

Destination Email:
(Separate multiple addresses with semicolons)

Destination Form Field:
Select a Form Field

No email notifications: Do not error if there are no email addresses to send to

Connect to custom server: Send through my own mail server

Customize email: Customize the email

Large Files Privacy:
Files larger than 10MB are stored/linked to/on the Device Magic Database.

Now whenever your form is completed it automatically goes through the Approval Donkey workflow you have just added. Give it a test run now.

Quick tip: Include a field to capture the submitter email address so you can forward status updates to them or set-up a Zap with Zapier to automate it.

See <https://www.approvaldonkey.com/> for any other information you may require, or send us an email to info@approvaldonkey.net
